

Dear Recruitment Manager,

I am writing to apply for the position of FX Supervisor.

Currently employed with ScanlineVFX, a leading VFX Post Production company based in Vancouver, Canada, I have an extensive 14 years' experience in the Animation & Post Production industry.

I have recently worked on films like **Aquaman and the Lost Kingdom, Stranger Things 4, Ms Marvel, Yu Yu Hakusho, The One and Only Ivan, Aquaman, Xmen-Dark Phoenix, Godzilla - King of the Monsters.**

I am highly organized, self-motivated and thrive in high-pressure environments. Having a resilient background in VFX & Post production, combined with my experience in planning, executing, monitoring and closing a variety of projects. I have been able to deliver many projects with tight deadlines.

I am proficient in using 3d Simulation software's such as Houdini, Maya, 3Ds Max, Naiad, Bifrost, Realflow, FumeFX, Thinking Particle, Rayfire as well as Post Production software's such as Adobe Photoshop, Illustrator, After Effects, Premier, Fusion & Nuke. I have been effectively using this software's in my current and past roles.

My goal is to continue learning and developing my expertise in Visual Effects and Post Production. I believe that I would be a perfect fit for your company in which I could grow and utilize my strengths.

Please find my Resume with this Cover Letter and I look forward to receive a positive response from you.

Kind regards,

Ashfaq Shaikh
